

SEZIONE A-A
1:100

This technical drawing shows a cross-section of a landscape. On the left, a hatched slope rises from a stream bed. A path, labeled 'SENTIERO' with an arrow, is shown at an elevation of 710.00. Several trees of varying sizes are planted along this slope. The stream bed is indicated by a dashed line at an elevation of approximately 709.00 (~709.00). The stream itself is represented by a solid line with a hatched area below it, indicating water. On the right, the stream flows into a larger body of water or a lower stream bed, with a vertical drop indicated by a triangle and the elevation 710.61. The right bank is also hatched and features a few more trees and large rocks. The entire drawing is titled 'SEZIONE A-A' and '1:100' at the top.

SEZIONE B-B
1:100

This architectural section drawing, titled 'SEZIONE B-B' at a scale of 1:100, depicts a landscape cross-section. In the foreground, a sloping ground is shown with a hatched pattern. A dashed line indicates a level at elevation -708.70. Behind this, a stone wall is shown with a level of P.A. 709.90. Several trees are planted along the wall, with their roots extending into the ground. The background shows a continuation of the landscape with more trees and a slight rise in the ground level.

A photograph of a small waterfall cascading over mossy rocks in a forest stream. The water is white and frothy as it falls. The surrounding area is covered in green moss and bare tree branches. A small orange and yellow object is visible in the bottom right corner.

A photograph of a small stream flowing over moss-covered rocks in a forest. The water is white and turbulent as it cascades over the rocks. The rocks are heavily covered in bright green moss. Bare, thin tree branches are visible in the foreground and background, suggesting a late autumn or winter setting. The overall scene is a natural, serene landscape.
