

- SCALA 1 : 50 -

The floor plan shows three adjacent rooms separated by walls. The leftmost room is labeled **LOCALE 30 kV** and contains a row of nine equipment units: L, UT, L, UTF, PTV, UT, UT, UT, and SL_aux. The middle room is labeled **LOCALE AUX** and contains a TR AUX unit and two smaller units. The rightmost room is labeled **LOCALE BT/SCADA** and is empty. The plan includes three door openings at the bottom, each with a width dimension of 2180. A section line A-A is indicated on the left and right sides of the plan.

L – Scomparto risalita cavi
UT – Scomparto di protezione linea
UTF – Scomparto TA – TV di Misura
PTV – Scomparto TV di protezione
SL_aux – Scomparto protezione Trasformatore

Technical drawing of a wall section with a total length of 20000mm and a height of 2500mm. The wall features three door openings, each 2500mm high. Each door is divided into four quadrants: the top-left and bottom-right quadrants contain a radiation warning symbol, the top-right quadrant contains a 'CAUTION RADIATION' sign, and the bottom-left quadrant contains a 'NO ENTRY' sign. The wall is supported by a base and has a total height of 2500mm.

Technical drawing of a rectangular structure. A dimension line at the top indicates a width of 6000. The structure consists of a large rectangular body with a smaller rectangular section on top, centered. A semi-circular feature is located on the top edge of the smaller section.
